WHAT'S NEW THIS SUMMER

FITNESS STUDIO

Spa Nescens at La Réserve Ramatuelle is expanding with the creation of a fitness studio for Club members and guests alike.

In this light-drenched setting opening onto the outdoor swimming pool, coaches offer Pilates Reformer classes and tailor-made workouts.

CONTRAST THERAPY

Designed for athletes and people looking for holistic recovery, the "Contrast Therapy" concept is a ritual combining an infrared sauna session and an ice bath, providing a mild thermal shock with multiple benefits.

Used after a sports session to soothe tension, as a complement to a treatment or at the start of the day to relieve stress and boost vital energy, this new treatment also stimulates the immune system and enhances mental well-being.

WOMEN'S WELLNESS WEEKS

Dates: 11 to 21 May - 1 to 12 October

Treat yourself to a precious interlude dedicated to your well-being with these stays designed by La Réserve Ramatuelle and Spa Nescens for women in search of harmony, energy and balance.

A tailor-made program enhanced by three wellness experts: Joëlle Bildstein, a specialist in hypopressive breathing; Gilles Rio, a movement therapist; and Nadine Stark Chognon, Pilates and Yoga teacher and creator of massages focused on energy balance and suppleness.

In addition to treatments and workshops led by our experts, you'll benefit from Spa Nescens excellence, with high-performance treatments, rejuvenating coastline walks and activities dedicated to optimizing sleep.

Deliciously healthy cuisine will give you energy and vitality as well as enhance your stay in this magical, soothing setting, ideal for reconnecting with yourself.

NESCENS SKINCARE EXPERTISE

Resulting from advanced research by the Swiss Genolier laboratory and formulated under the supervision of Professor Jacques Proust, the Nescens range of cosmeceuticals offers a resolutely innovative skincare approach.

CUTTING-EDGE, HIGH PERFORMANCE TREATMENTS

Combining technicality with absolute comfort, Nescens treatments achieve their full effect when dispensed in programs or closely-spaced sessions.

COMPREHENSIVE CARE

Nescens treatments are designed to act over time and provide personalized support. All-round age-related skin concerns are the focus of each Nescens treatment protocol.

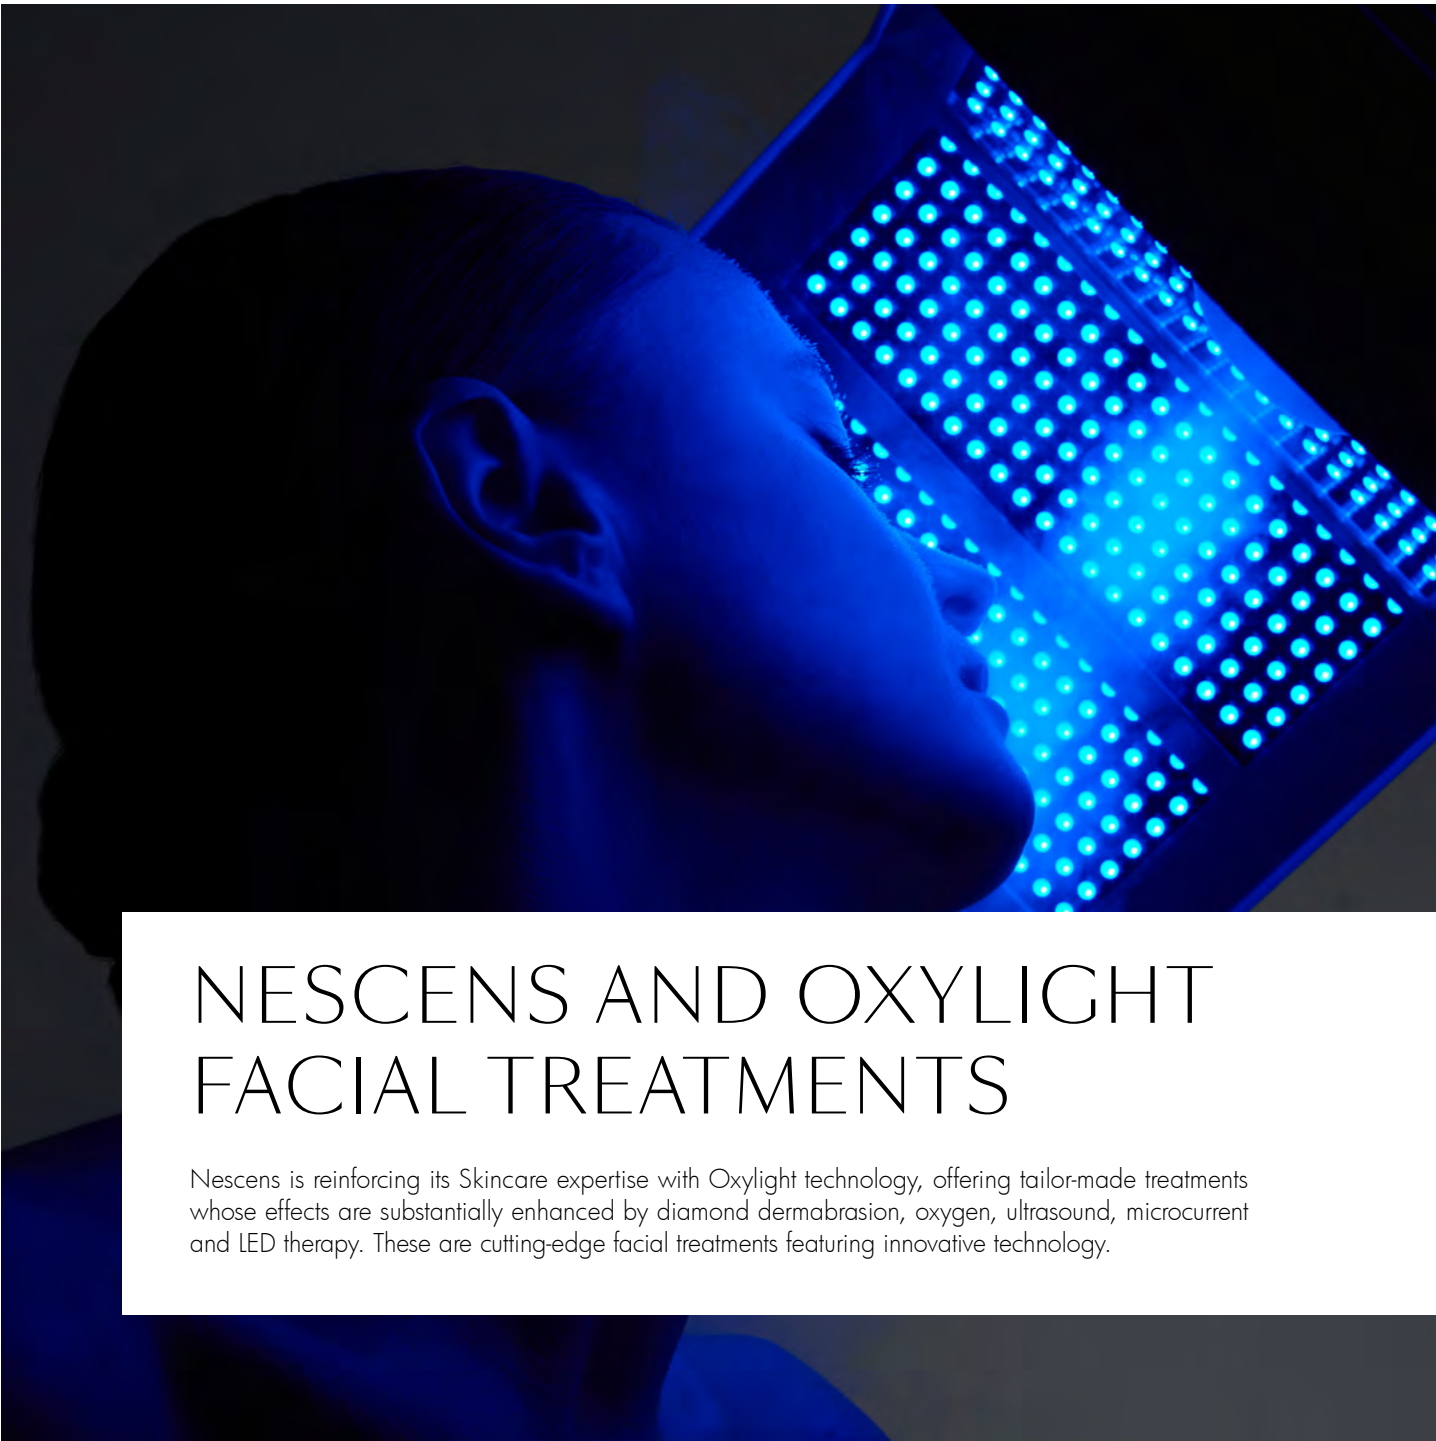

EXCLUSIVE TARGETED MASSAGE TECHNIQUE

Each Nescens beauty therapist determines the zones to be specifically treated and recontoured, personalizing the massage to obtain the desired improvements. The dynamic Nescens techniques help eliminate signs of fatigue, regenerate the quality of the muscle fibers, as well as restructure contours.

REVITALIZED, DEEPLY REJUVENATED SKIN

Results are clearly apparent after the initial treatments. Cellular tissue is intensely restored and resurfaced. The face, neck and chest are visibly rejuvenated. Wrinkles are perceptibly smoothed and reduced, while the complexion is brighter and more even.

NESCENS AND OXYLIGHT FACIAL TREATMENTS

Nescens is reinforcing its Skincare expertise with Oxylight technology, offering tailor-made treatments whose effects are substantially enhanced by diamond dermabrasion, oxygen, ultrasound, microcurrent and LED therapy. These are cutting-edge facial treatments featuring innovative technology.

RESET FACIAL

Dedicated to revitalizing the skin's cellular renewal mechanisms, this treatment begins with a powerful diamond dermabrasion step, followed by the application of a Nescens reconstituting mask massaged into the skin, its action dramatically enhanced by LED therapy combined with the antioxidant virtues of ionized oxygen. The treatment ends with a high-pressure oxygen spray associated with Nescens bio-identical serum for powerful, long-lasting moisturizing action.

60 min: €290

REPAIR FACIAL

During this treatment, the action of High-Frequency Ultrasound encourages cell regeneration and plumps the skin. The lipid-replenishing mask generously massaged into the face during the LED therapy and ionized oxygen session helps reduce inflammation and provides deep nourishment. A comforting ritual that reinforces the skin's natural repair process.

60 min: €290

ULTIMATE METAMORPHOSIS FACIAL

An exceptional treatment for those seeking immediate and lasting visible results. Combining diamond dermabrasion, high-frequency ultrasound, microcurrent, LED therapy and oxygen diffusion, the skin is reborn, regaining its radiance and firmness. The features are incredibly smoothed and the oval of the face redefined. The action of the Nescens products used in each stage of the treatment is substantially multiplied and intensified, optimizing cell regeneration and collagen production.

90 min: €390

NESCENS & OXYLIGHT MAGISTRAL TREATMENT

Nescens and Oxylight have developed a masterful transforming ritual combining all the key stages of this unique technology with a lifting, plumping "better-aging" facial massage. Diamond Dermabrasion renews the skin and prepares it for regeneration with high-frequency ultrasound. Myolight microcurrent redefines facial contours and opens up the eyes. LED therapy with ionized oxygen diffusion boosts collagen production, multiplying the effects of Nescens products and enhancing the skin, which at the same time benefits from the enveloping, remodeling movements of the Better-Aging massage. A unique experience for those in search of incomparable results achieved by combining technology with manual expertise.

2h: €490

CELLULAR REJUVENATION RITUAL

Meso-aesthetics for immediate results.

A cocktail of powerful components to boost skin regeneration and elasticity is then diffused by meso-aesthetics, promising instantly visible results.

80 min: €330

80 min: €320

RE NESCENS TREATMENT

A revitalizing, replenishing treatment that restores skin elasticity and firmness, intensely regenerating skin structures on the face, neck and chest. The lifting and remodeling massage at the heart of this ritual brings renewed youthfulness to the skin.

80 min: €310

RESTORATIVE AND MOISTURIZING TREATMENT

TWO MICHELIN-STARRED CHEF ERIC CANINO

He is a passionate devotee of excellent ingredients and a virtuoso of light cuisine. Notably trained by Michelin-starred chef Michel Guérard at Eugénie-les-Bains, his sensitivity and exacting standards won over Michel Reybier, who entrusted him with La Voile as soon as La Réserve Ramatuelle opened in 2009. A lover of fine produce, Eric Canino favors short supply circuits, working alongside the best local producers. His incredible all-vegetable menu has become a staple feature, as has his spice-rubbed red tuna signature dish. Faithful to his deep commitment to healthy, natural cooking, his recipes are simple and straightforward, delicately modernizing the traditional Mediterranean repertoire.

"I'm committed to working with simple produce to enhance its flavors; pleasuring the palate is the sole criterion." Eric Canino
