WHAT'S NEW THIS SUMMER

This season, Spa Nescens introduces two new expert protocols designed to elevate results. Acting as true catalysts for transformation, they enhance recovery, refine the silhouette, and sustain energy over time—supporting a deeper balance between physical vitality and mental clarity.

WELLNESS IN-ROOM SERVICE BY NESSENS

Spa Nescens also introduces Wellness In-Room Service, a longevity-focused menu available in the privacy of your room or villa.

A curated selection of biohacking devices, targeted rituals, and nutritional boosters supports recovery, regeneration, restorative sleep, radiant skin, and overall balance — extending the Nescens experience well beyond the Spa.

The Better Aging journeys evolve further with these innovations, integrating advanced recovery and performance-driven protocols to support lasting vitality, mental wellbeing, and overall balance.

SCULPT & DRAIN PROTOCOL

Combining *Icoone's* cellular micro-stimulation technology with our morpho-tissue expertise, this protocol reactivates circulation, improves tissue quality, and precisely reshapes body contours.

Results: a visibly refined silhouette, smoother and denser skin, and an immediate sensation of lightness and fluidity.

DETOX & RECOVERY PROTOCOL

Integrating *Stendo sequential pressotherapy* with an individualized physiological approach, this protocol actively stimulates circulation, enhances tissue oxygenation, and supports deep muscular recovery.

Results: released tension, lighter legs, optimized recovery, and restored tone.

NESCENS SKINCARE EXPERTISE

Resulting from advanced research by the Swiss Genolier laboratory and formulated under the supervision of Professor Jacques Proust, the Nescens range of cosmeceuticals offers a resolutely innovative skincare approach.

CUTTING-EDGE, HIGH PERFORMANCE TREATMENTS

Combining technicality with absolute comfort, Nescens treatments achieve their full effect when dispensed in programs or closely-spaced sessions.

COMPREHENSIVE CARE

Nescens treatments are designed to act over time and provide personalized support. All-round age-related skin concerns are the focus of each Nescens treatment protocol.

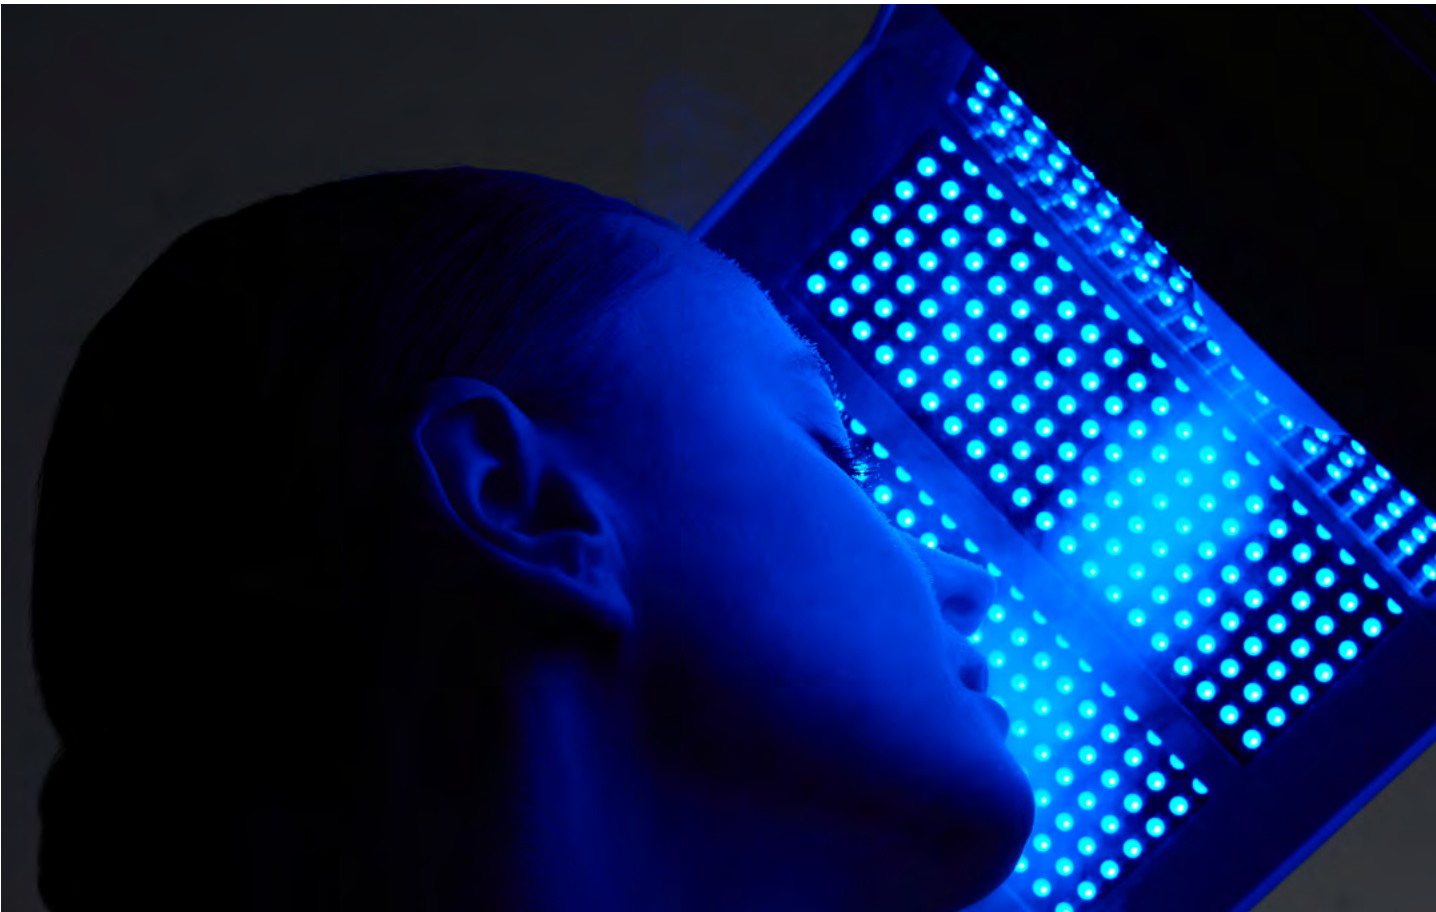

EXCLUSIVE TARGETED MASSAGE TECHNIQUE

Each Nescens beauty therapist determines the zones to be specifically treated and recontoured, personalizing the massage to obtain the desired improvements. The dynamic Nescens techniques help eliminate signs of fatigue, regenerate the quality of the muscle fibers, as well as restructure contours.

REVITALIZED, DEEPLY REJUVENATED SKIN

Results are clearly apparent after the initial treatments. Cellular tissue is intensely restored and resurfaced. The face, neck and chest are visibly rejuvenated. Wrinkles are perceptibly smoothed and reduced, while the complexion is brighter and more even.

NESCENS AND OXYLIGHT FACIAL TREATMENTS

Nescens is reinforcing its Skincare expertise with OxyLight technology, offering tailor-made treatments whose effects are substantially enhanced by diamond dermabrasion, oxygen, ultrasound, microcurrent and LED therapy. These are cutting-edge facial treatments featuring innovative technology.

RESET TREATMENT

Renovation – Hydration – Radiance

This skin-boosting treatment begins with diamond dermabrasion, followed by the application of a Nescens restorative mask whose action is enhanced tenfold by LED therapy. The treatment ends with a high-pressure oxygen spray for powerful, long-lasting moisturizing action.

1h: €300

REPAIR TREATMENT

Soothing – Nutrition – Regeneration

During this treatment, the action of High-Frequency Ultrasound encourages cell regeneration and plumps the skin. The lipid-replenishing mask generously massaged into the face during the LED therapy and ionized oxygen session reduces inflammation and deeply nourishes the skin. A comforting ritual that reinforces the skin's natural repair process.

1h: €300

ULTIMATE METAMORPHOSIS TREATMENT

Transformation – Firmness – Rejuvenation

An exceptional treatment for people seeking immediate, visible and lasting results. Combining diamond dermabrasion, high-frequency ultrasound, microcurrent, LED therapy and oxygen diffusion, the skin is reborn, regaining its radiance and firmness. The features are incredibly smoothed and the oval of the face redefined. The action of the Nescens products used in each stage of the treatment is multiplied tenfold, optimizing cell regeneration and collagen production.

1h30: €400

NESCENS & OXYLIGHT MAGISTRAL TREATMENT

Performance – Regeneration – Vitality

A unique experience for those looking for unmatched results, bringing together technology and practical expertise. The combination of OxyLight and Better Aging facial massage promotes skin renewal, smooths skin, and redefines facial contours. In 2 hours, signs of fatigue disappear, leaving a radiant complexion.

2h: €500

BETTER AGING FACIAL TREATMENT

Drainage – Firmness – Letting go

A five-step facial ritual combining skin cleansing, muscular preparation, drainage movements, powerful facial lifting and accessories to boost collagen production. Skin is firmed, wrinkles reduced and a glowing complexion results. In the 1h30 option, the treatment begins with a BetterAging Body Ritual back massage, offering a holistic moment of repair and rejuvenation.

50 min: €260

1h20: €330

NESCENS CELLULAR REJUVENATION RITUAL

Tone – Lifting – Glow

Meso-aesthetics for immediate results. An exceptional treatment dedicated to enhancing the skin, plumping it and reshaping facial contours. Starting with the Nescens Double Cleanse, a deep skin renewal protocol, pores are tightened and the complexion regains its glow. This is followed by a restorative moment with the application of a bio-identical reconstituting mask, massaged in to optimize the penetration of active ingredients. A cocktail of powerful components to boost skin regeneration and elasticity is then diffused by meso-aesthetics, promising instant visible results.

1h20: €350

RE NESCENS TREATMENT

Repair – Renewal – Cellular awakening

A revitalizing, replenishing treatment that restores skin elasticity and firmness, intensely regenerating skin structures on the face, neck and chest. The double cleansing combined with the Keratolytic complex has a powerful renewing effect on tissues, which then benefit from the lipid-replenishing and firming active ingredients in Nescens products. The lifting and remodeling massage at the heart of this ritual gives skin renewed youthfulness.

1h20: €320

REPAIRING AND MOISTURIZING TREATMENT

Comfort – Hydration – Soothing

A treatment that soothes and deeply regenerates reactive skin structures, ideal after a day at the beach. Thanks to a protocol combining gentle cleansing, regenerating massage and a Nescens lipid-replenishing face mask, the Repairing and Moisturizing treatment soothes even the most sensitive epidermis, boosting the skin's natural functions and the main markers of youthfulness. During the 90-minute option, skin regains resilience, softness and comfort, the facial massage is extended and the mask is accompanied by a foot and hand massage.

50 min: €250

1h20: €320

DETOX TREATMENT

Purification – Balance – Clarity

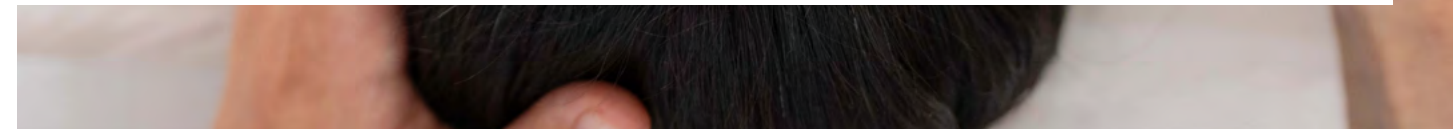

A rebalancing treatment dedicated to refining skin texture and regulating excess sebum. It includes deep cleansing, a soothing drainage massage to reduce inflammation and the application of the bio-identical Nescens reconstituting mask. The result is bright, glowing and soothed skin.

50 min: €250

EXPERT FACIAL RITUALS

Rituel Experts Visage are treatment protocols that benefit from the unique expertise of Clinique Nescens skin experts, combined with highly concentrated Nescens products delivering peerless results. Their action is reinforced by skincare boosters combining meso-aesthetics and accessories dedicated to enhancing the skin.

SKINCARE BOOSTERS

Skincare boosters are short protocols designed to complement a treatment or massage while substantially increasing the effectiveness of Nescens treatments.

HYALURONIC ACID SHOT

Hydration – Repair – Radiance

Performed alone, after a treatment or massage, this expert ritual includes a deep cleansing of the skin and the diffusion of an exclusive hyaluronic acid complex by meso-aesthetics. Let the stress of the day fade away to enjoy an instant glow and long-lasting hydration.

TWO MICHELIN-STARRED CHEF ERIC CANINO

He is a passionate devotee of excellent ingredients and a virtuoso of light cuisine. Notably trained by Michelin-starred chef Michel Guérard at Eugénie-les-Bains, his sensitivity and exacting standards won over Michel Reybier, who entrusted him with La Voile as soon as La Réserve Ramatuelle opened in 2009. A lover of fine produce, Eric Canino favors short supply circuits, working alongside the best local producers. His incredible all-vegetable menu has become a staple feature, as has his spice-rubbed red tuna signature dish. Faithful to his deep commitment to healthy, natural cooking, his recipes are simple and straightforward, delicately modernizing the traditional Mediterranean repertoire.

"I'm committed to working with simple produce to enhance its flavors; pleasuring the palate is the sole criterion." Eric Canino
